Subject: ACTION _ DD _ REVIEW -- revised SNUR briefing Materials

I revised the Sept 20 materials (Agenda, crosswalk table, SNUR options) based on today's meeting with Jeff. Not clear if he did not want to include the ACE status bullet points or not (i.e., just discuss them verbally), so I left it off the agenda, but the file is included as an optional handout if needed. Also included as optional materials are the bullet points on the uses categories from past regulatory actions.

I did not load these revised files on Sharepoint, so any edits should be made to the files attached here and then send (Tom or Lea?) to the OPPT IO Tues AM.

Thanks!

Erik

p.s. I would suggest that Robert and Lea also bring a copy of the RIA narrative description of the 35 categories and the Section 1/Section 2 lists of uses from the July 30, 1982 8(a) rule (pg. 33224).
